

Dear Distinguished Colleagues,

On behalf of the Organizing and Program Committees, we are very pleased to invite you cordially to participate in the International Conference on Applied Magnetism 2024 (ICAM 2024), where experts and enthusiasts in magnetism converge to explore the latest advancements and applications in this fascinating field.

It has been scheduled that the ICAM 2024 will take place in the lively city of Istanbul, Turkey, from September 17th to 20th, 2024. This conference promises to be a significant event in the field of applied magnetism, and it is scheduled to be hosted at Istanbul Technical University, a notable location in Istanbul. The conference program promises a rich and dynamic experience, featuring oral and poster presentations, thought-provoking invited talks, and a variety of special sessions tailored to explore interdisciplinary and emerging topics in the field of magnetism.

From fundamental principles to cutting-edge technologies, ICAM covers a broad spectrum of topics, including magnetic materials, devices, and their diverse applications across various disciplines:

- **Medical Applications**
- **Biological and Biotechnological Applications**
- **Frontiers in Magnetic Devices and Experimental Techniques**
- **Spintronics and Electronic Applications of Magnetic Materials**
- **Magnetism of Superconductivity**
- **Environmental Applications**
- **Quantum Materials, Applications, and Technologies**
- **Interdisciplinary and emerging topics.**

Participants can expect a rich scientific program featuring keynote addresses, plenary sessions, technical presentations, and poster sessions. Esteemed speakers from around the globe will share their insights and expertise, offering invaluable perspectives on the frontiers of applied magnetism. ICAM 2024 will foster networking opportunities and collaborations among attendees. It will be possible for participants to take part in exciting conversations, establish new partnerships, and share ideas that will drive innovation in the field of applied magnetism.

Authors of accepted digests are encouraged to submit full papers for publication in the Journal of Magnetism and Magnetic Materials (JMMM) and Sakarya University Journal of Science (SAUJS). Detailed instructions on preparing manuscripts will be available from the submission site at <https://appliedmagnetism.org/> (under 'Submission-Publications and Journals'). Some brief notes regarding full-paper publications are given on the conference webpage.

Mark your calendars and prepare to embark on a journey of discovery and advancement in the fascinating world of applied magnetism. The ICAM 2024 organizing team looks forward to hosting you in Istanbul for a conference that will influence the future of applied magnetism.

The conference venue is easily accessible via Istanbul and Sabiha Gokcen International Airport offering many European and International Flights. We sincerely hope that you will enjoy the ICAM 2024 conference in Istanbul, one of the most beautiful places of autumn and that you will have a great time during your stay in Istanbul, Turkey.

Hope to see you at the conference.

Best Wishes,

Prof. Dr. Nurcan DOGAN

INTERNATIONAL CONFERENCE ON APPLIED MAGNETISM

17 - 20 September 

We are very pleased to invite you to participate in the
International Conference on Applied Magnetism 2024 (ICAM'24)

Main Topics

Medical Applications

Biological and Biotechnological Applications

Frontiers in Magnetic Devices and Experimental Techniques

Spintronics and Electronic Applications of Magnetic Materials

Magnetism of Superconductivity

Environmental Applications

Quantum Materials, Applications and Technologies

Interdisciplinary and Emerging Topics

Abstract Submission is Open Until:
05.08.2024

Last Registration Date:
01.09.2024

Istanbul Technical University
Süleyman Demirel Cultural Center
Istanbul / Türkiye
